

## Photography Disclosure

Dear parent/guardian,

As you may know, I run [public] social media pages for my business, as well as a website. My social media is largely how I attract/market to potential students. I would love to share my student's work on my pages through stories and posts. I want you to know *that I will never post pictures of your child on my pages without permission!* With that said, it would be very helpful for me to know what you are comfortable with when it comes to pictures being posted. **Please initial one line indicating what you are comfortable with**, and sign below.

Thank you for letting me teach your child!

\_\_\_\_\_ I give permission for you to take/post pictures of my child while working on projects, and/or of them with their finished project.

\_\_\_\_\_ I give permission for photos of my child to be taken/posted so long as their face is blurred or cropped out of the picture.

\_\_\_\_\_ I prefer to have no photos whatsoever taken/posted of my child.
